# Origami Heart Instructions:

1. Start by bring the bottom edge of the paper along the edge of the left side of the paper to make a sharp corner on the bottom left. And unfold.
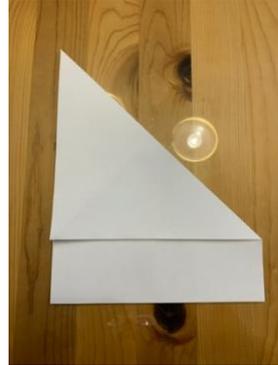

2. Repeat on the other side. And unfold.

3. Rotate the paper so that the X-like crease is on the top.

4. Fold along the crease going from left to right. Bring the left corner across to the right corner, using the crease as a guide and fold down the middle.

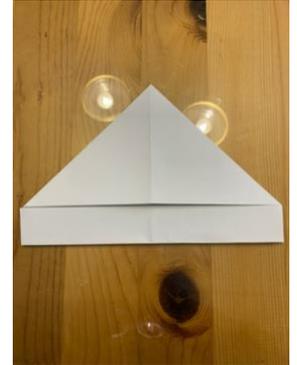

5. Repeat on the other side forming a triangle on the top.

6. Fold the rectangle on the bottom in half by bring the edge of the paper to the bottom edge of the triangle.
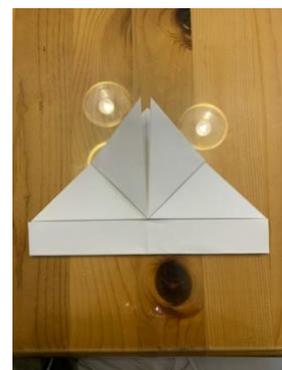

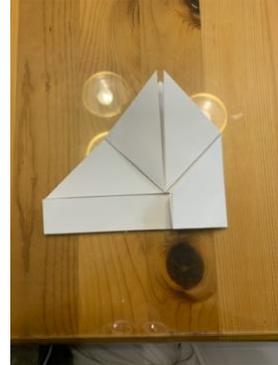

7. Fold in half, then unfold.

8. Grab the flap on the right side of the triangle and bring the corner to the top of the paper, aligning it to the middle crease.

9. Repeat on the other side. This should create a diamond shape on top.

10. Grab the right side of the paper towards the middles crease. Repeat on the other side.

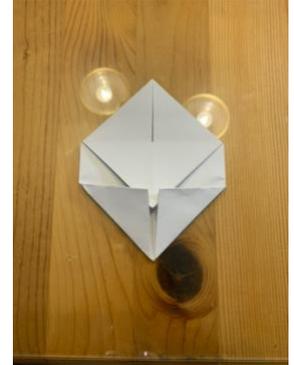

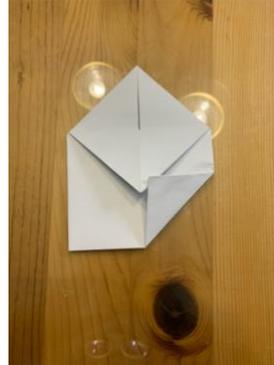

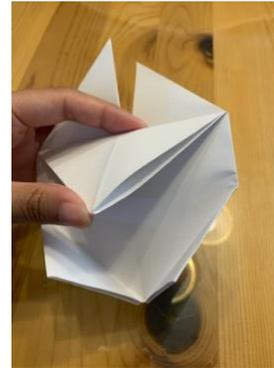

11. Turn the paper around.

12. Bring the front flap down, creating an upside-down triangle. Leave the two separate flaps alone.

13. Bring the bottom right corner towards the middle crease. Repeat on the other side.

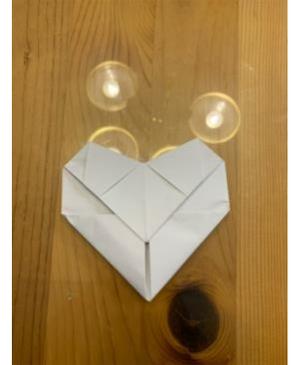

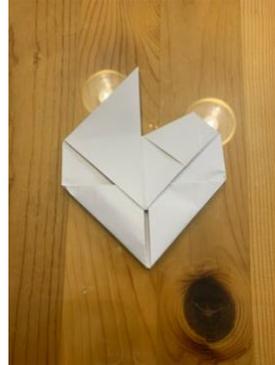

14. There should be a little pocket on the upside-down triangle, fit the corners into the pocket.

15. Grab the top right flap down at an angle. Tuck the extending corner into the pocket of the upside-down triangle.

16. Repeat on the other side.

17. Turn the paper over. Ta da! You made a paper heart!
